TITLE I-A SITE ELIGIBILITY and SCHOOL RANKING
Alaska Best City Schools

Complete the table for **ALL** public schools in the district, including charter and correspondence schools, whether or not they are served by Title I-A funds. Districts with less than 1000 students and/or only one building per grade span **must** complete this page, but have flexibility in selecting schools.

** **REMINDER**: If a district having over 1000 students serves any schools that have a poverty rate below 35%, the 125% rule applies. This figure carries forward from tab h, if applicable. All schools above 75% must be served. The district has some flexibility in determining per-pupil amounts and serving schools between 35% and 75%. **See instructions for more information.**

Check the appropriate box indicating per-pupil allocation method:

[ ]	A. 125% rule (per-pupil amount) =	$602.90
[ ]	B. Same per-pupil amount	
[x]	C. District-determined method (explain to right):	District determined larger amounts to go to higher poverty schools.

FUNDS AVAILABLE TO SCHOOLS: (This amount should equal the total of column 10, below) **$368,009.00** **Not Equal**
