## **State Education Board Information Posted On Web *Meeting Packets, Regulation Info Among Items Available***

**Juneau** -- The web site of the Department of Education & Early Development (EED) contains much information about the State Board of Education & Early Development, including future meeting dates; contact information for each board member; approved minutes of past board meeting; and packets of information for future meetings.

The web address for information about the state education board is [http://www.eed.state.ak.us/State\\_Board/](http://www.eed.state.ak.us/State_Board/).

Meeting packets were added to the web about a year ago and are available for download about a week before each meeting. The packets contain the meeting agenda, cover memorandums describing each agenda item and back up material for each agenda item.

The packets can be found by clicking on the date of the next meeting when the meeting date is published in blue. The next state board meeting will be March 10 and 11 in Juneau. The board packet will be posted on the web during the week of March 1.

The public also can access and comment on proposed regulations on the EED web site. That address is <http://www.eed.state.ak.us/regs/>. The state education board, by law, must approve all regulations adopted by EED. Also available for viewing are regulations previously adopted by the board.
